Somos fabricantes de filamentos, por lo que si desea desarrollar un material y/o formato específico, consútenos.

We are filaments manufacturers, so if you want to develop a specific material and /or format, consult us.

Fabricamos el filamento 3R a partir de desechos de otros procesos productivos. Involucrados en la economía circular, apostamos por un mundo más sostenible. *We manufacture the 3R filament from waste from other production processes. Involved in the circular economy, we are committed to a more sustainable world.*

Fabricados para impresiones de gran calidad.

Manufactured for high quality prints.

Los filamentos 3R3D están fabricados bajo exhaustivos controles para garantizar diámetros uniformes y composiciones consistentes. Almacenados en condiciones de baja humedad con la finalidad de obtener una extrusión predecible tanto si se usan hoy, como dentro de varias semanas, nuestros filamentos le garantizan unas impresiones fiables y de calidad.

3R3D filaments are manufactured under exhaustive controls to ensure consistent diameters and consistent compositions. Stored in conditions of low humidity in order to obtain a predictable extrusion both if used today and within several weeks, our filaments guarantee reliable and quality prints.
